*The 1964 Trojan Staff honors an outstanding personality at Athens High School . . .*

*. . . Miss Ruby Anderson . . . a teacher, a friend, a lady . . . a symbol of stability and truth . . . she has influenced the lives of thousands of Georgia's citizens . . . she is a prominent leader in the field of education . . . respected and admired by all who know her . . . appreciated by those who have learned from her . . . she is always concerned, sincere, understanding . . . and above all — dedicated.*

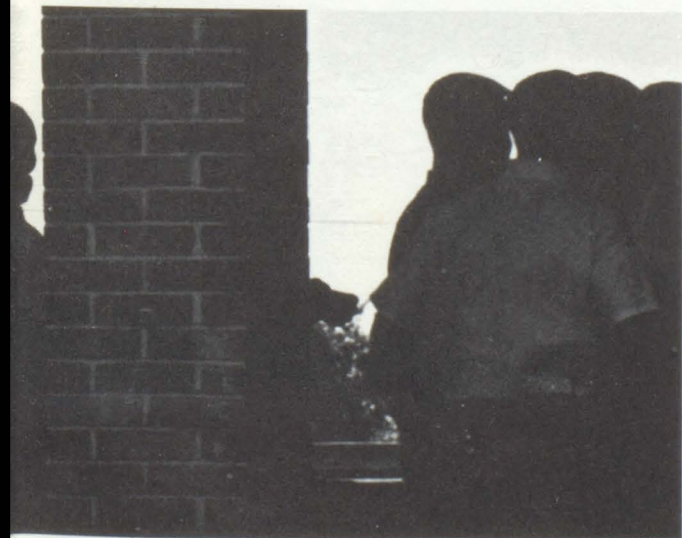

*"No man is an Iland, intire of it selfe; every man is a piece of the Continent, a part of the maine . . ."*

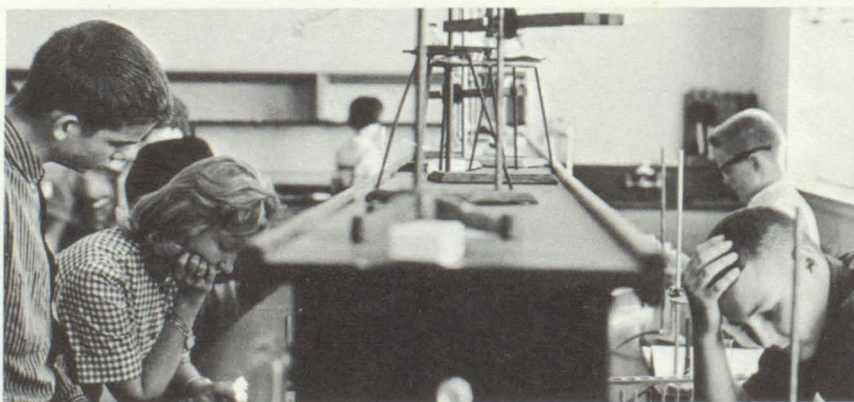

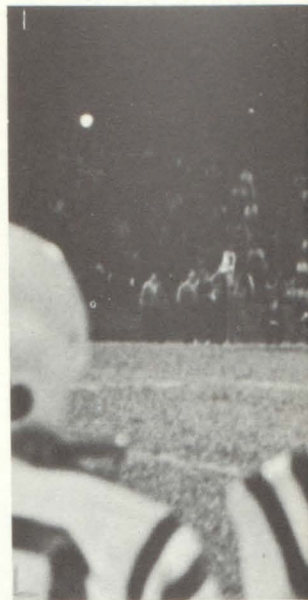

John Donne

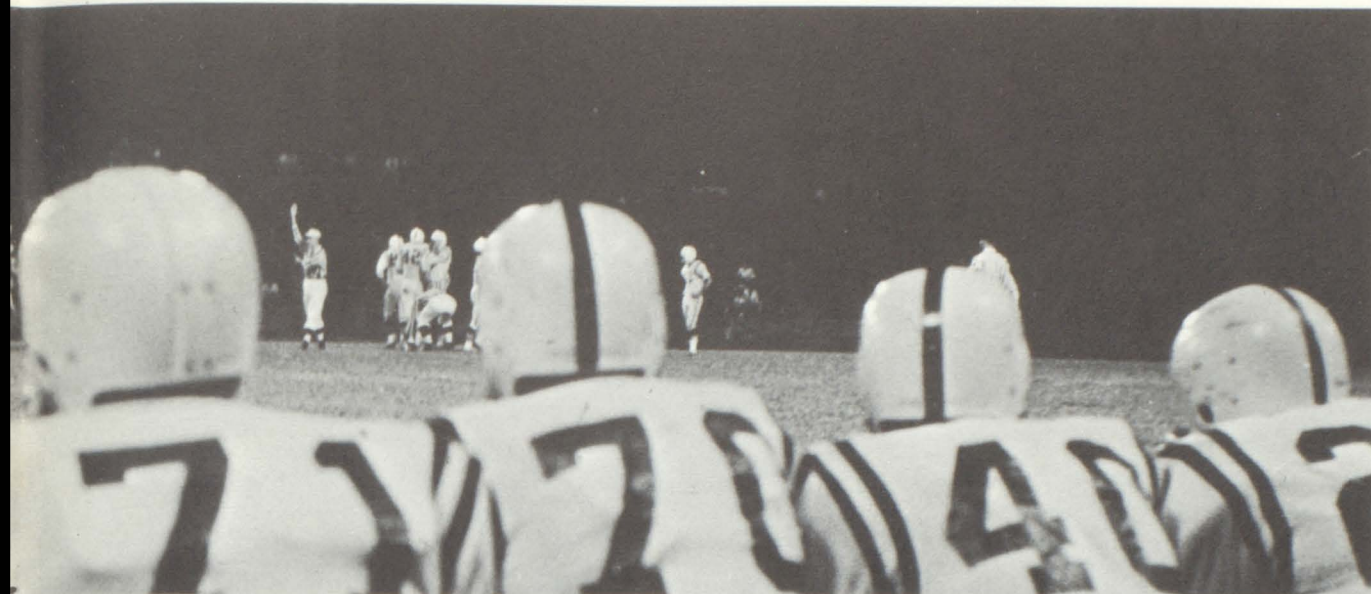

*We of Athens High School are a most gregarious body of individuals; each belonging to the principal Group. yet each the significant center of a special, personal world . . .*

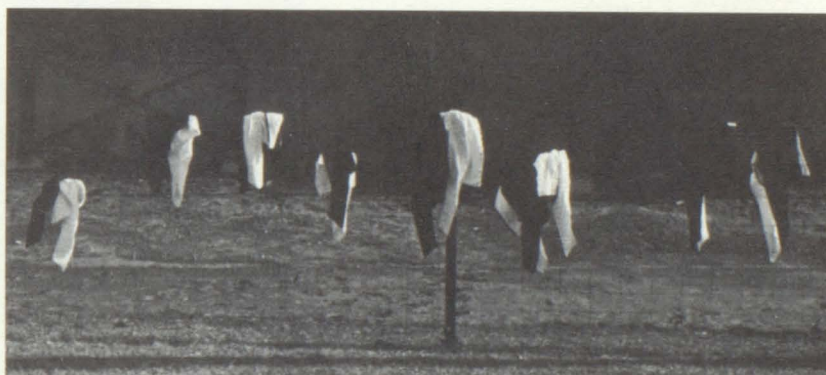

*... a world that is often kind and cruel within the same hour; a world from which we hope to learn; a world in which we strive to find ourselves ... through education ... through association with the Group.*

*We are a group of Seekers. We seek companionship and security . . . freedom, independence, self-respect . . . a purpose . . . a set of values.*

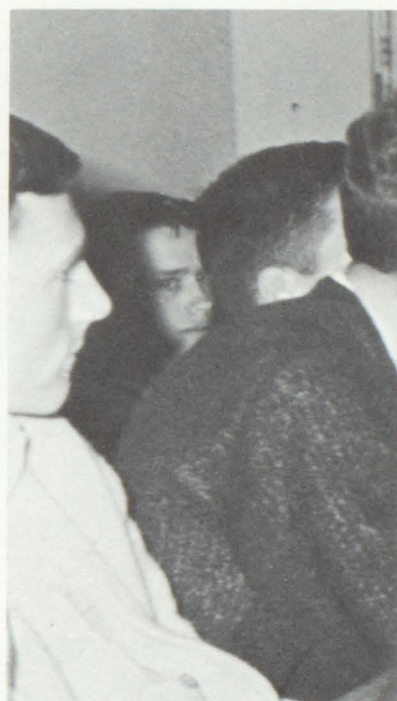

*But most of all we seek understanding from our friends, our parents, our teachers. We seek an understanding of the complicated worlds of which we are a part — our personal world, and the world of the Group. We seek to understand life itself . . .*

*We find life to be the unexpected — occasionally lonely and depressing . . . sometimes joyful and exciting.*

*In learning to cope with life we realize that we must depend upon ourselves . . . and we soon gain confidence in our abilities . . . and pride in our accomplishments.*

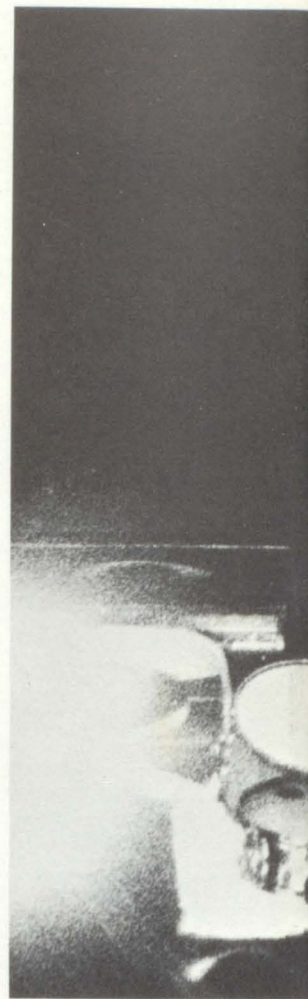

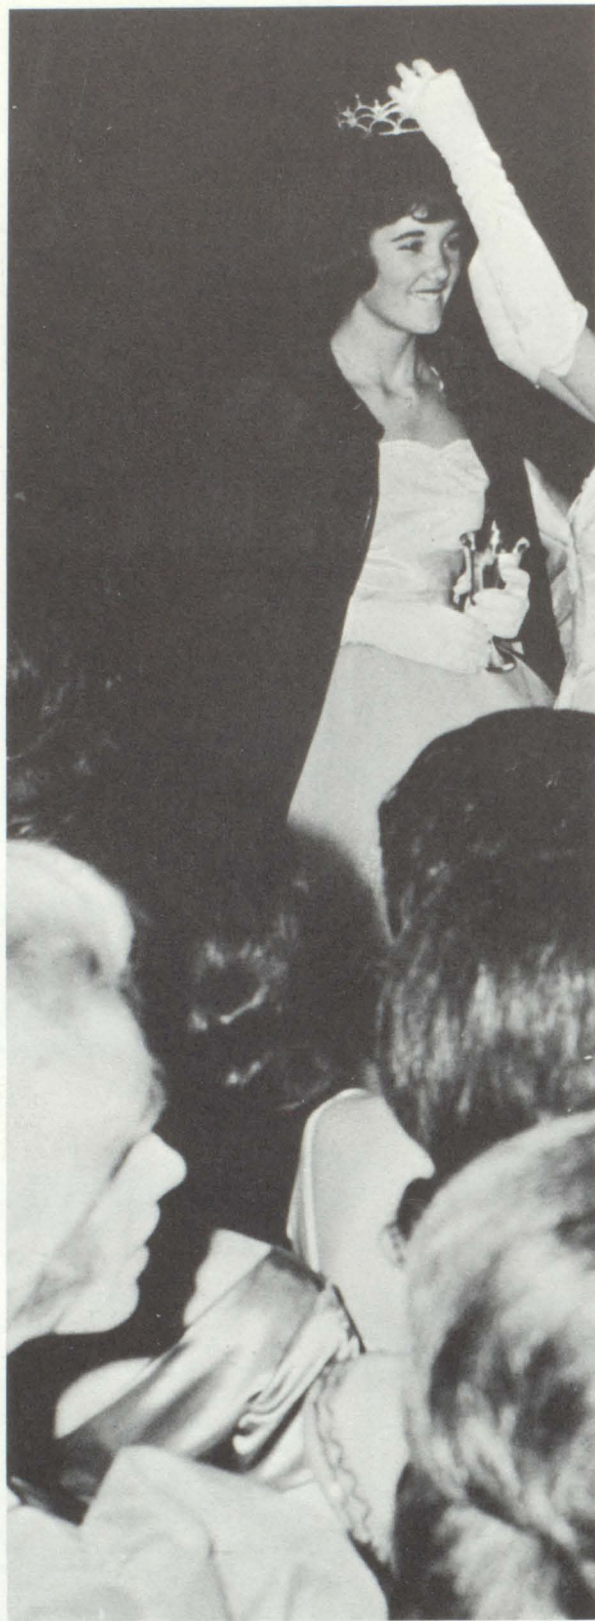

*We have such vigor . . . we are always moving, planning, dreaming, working . . . we set our goals high . . . we expect a great deal of ourselves . . . we give our all.*

*We have our sentimental traditions . . . our annual projects and special events.*

*These are the things that are most important to us now;*

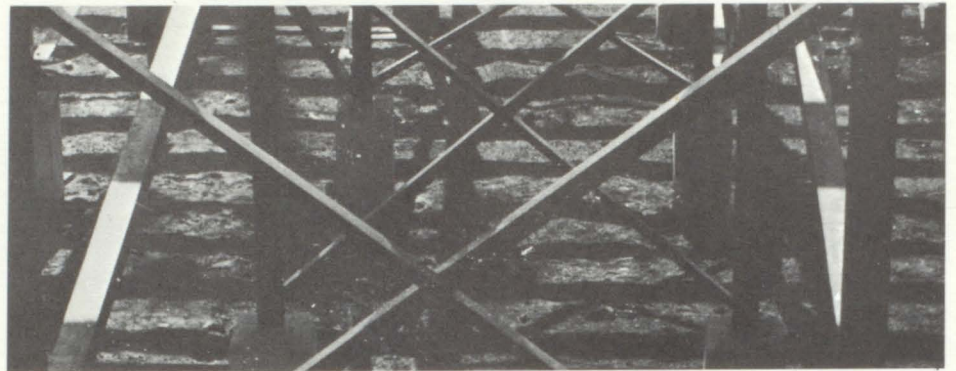

*These are the things that we share with the Group.*

*This has been a year of unification in the Group . . . a year of cooperation and change. We have worked together for "the common good". We have a new school sign, a paved parking lot . . . for the first time at AHS there was a homecoming parade . . . and the Seniors are wearing a new class ring.*

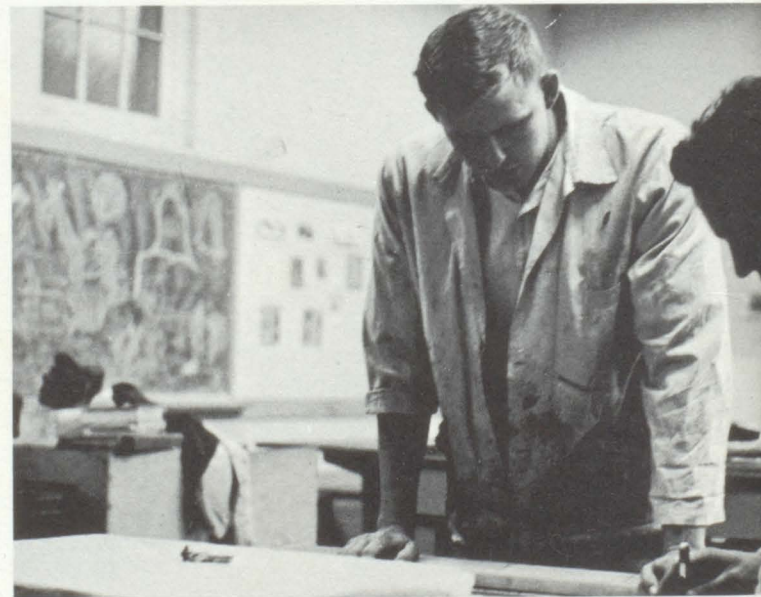

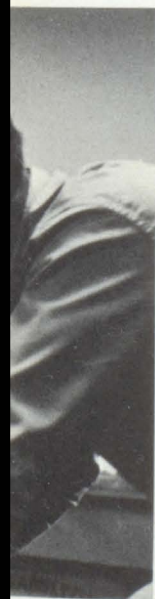

*In all our undertakings we have been supported by a dedicated faculty . . . a faculty which directs us in the classroom, and participates with us in our extra-curricular activities.*

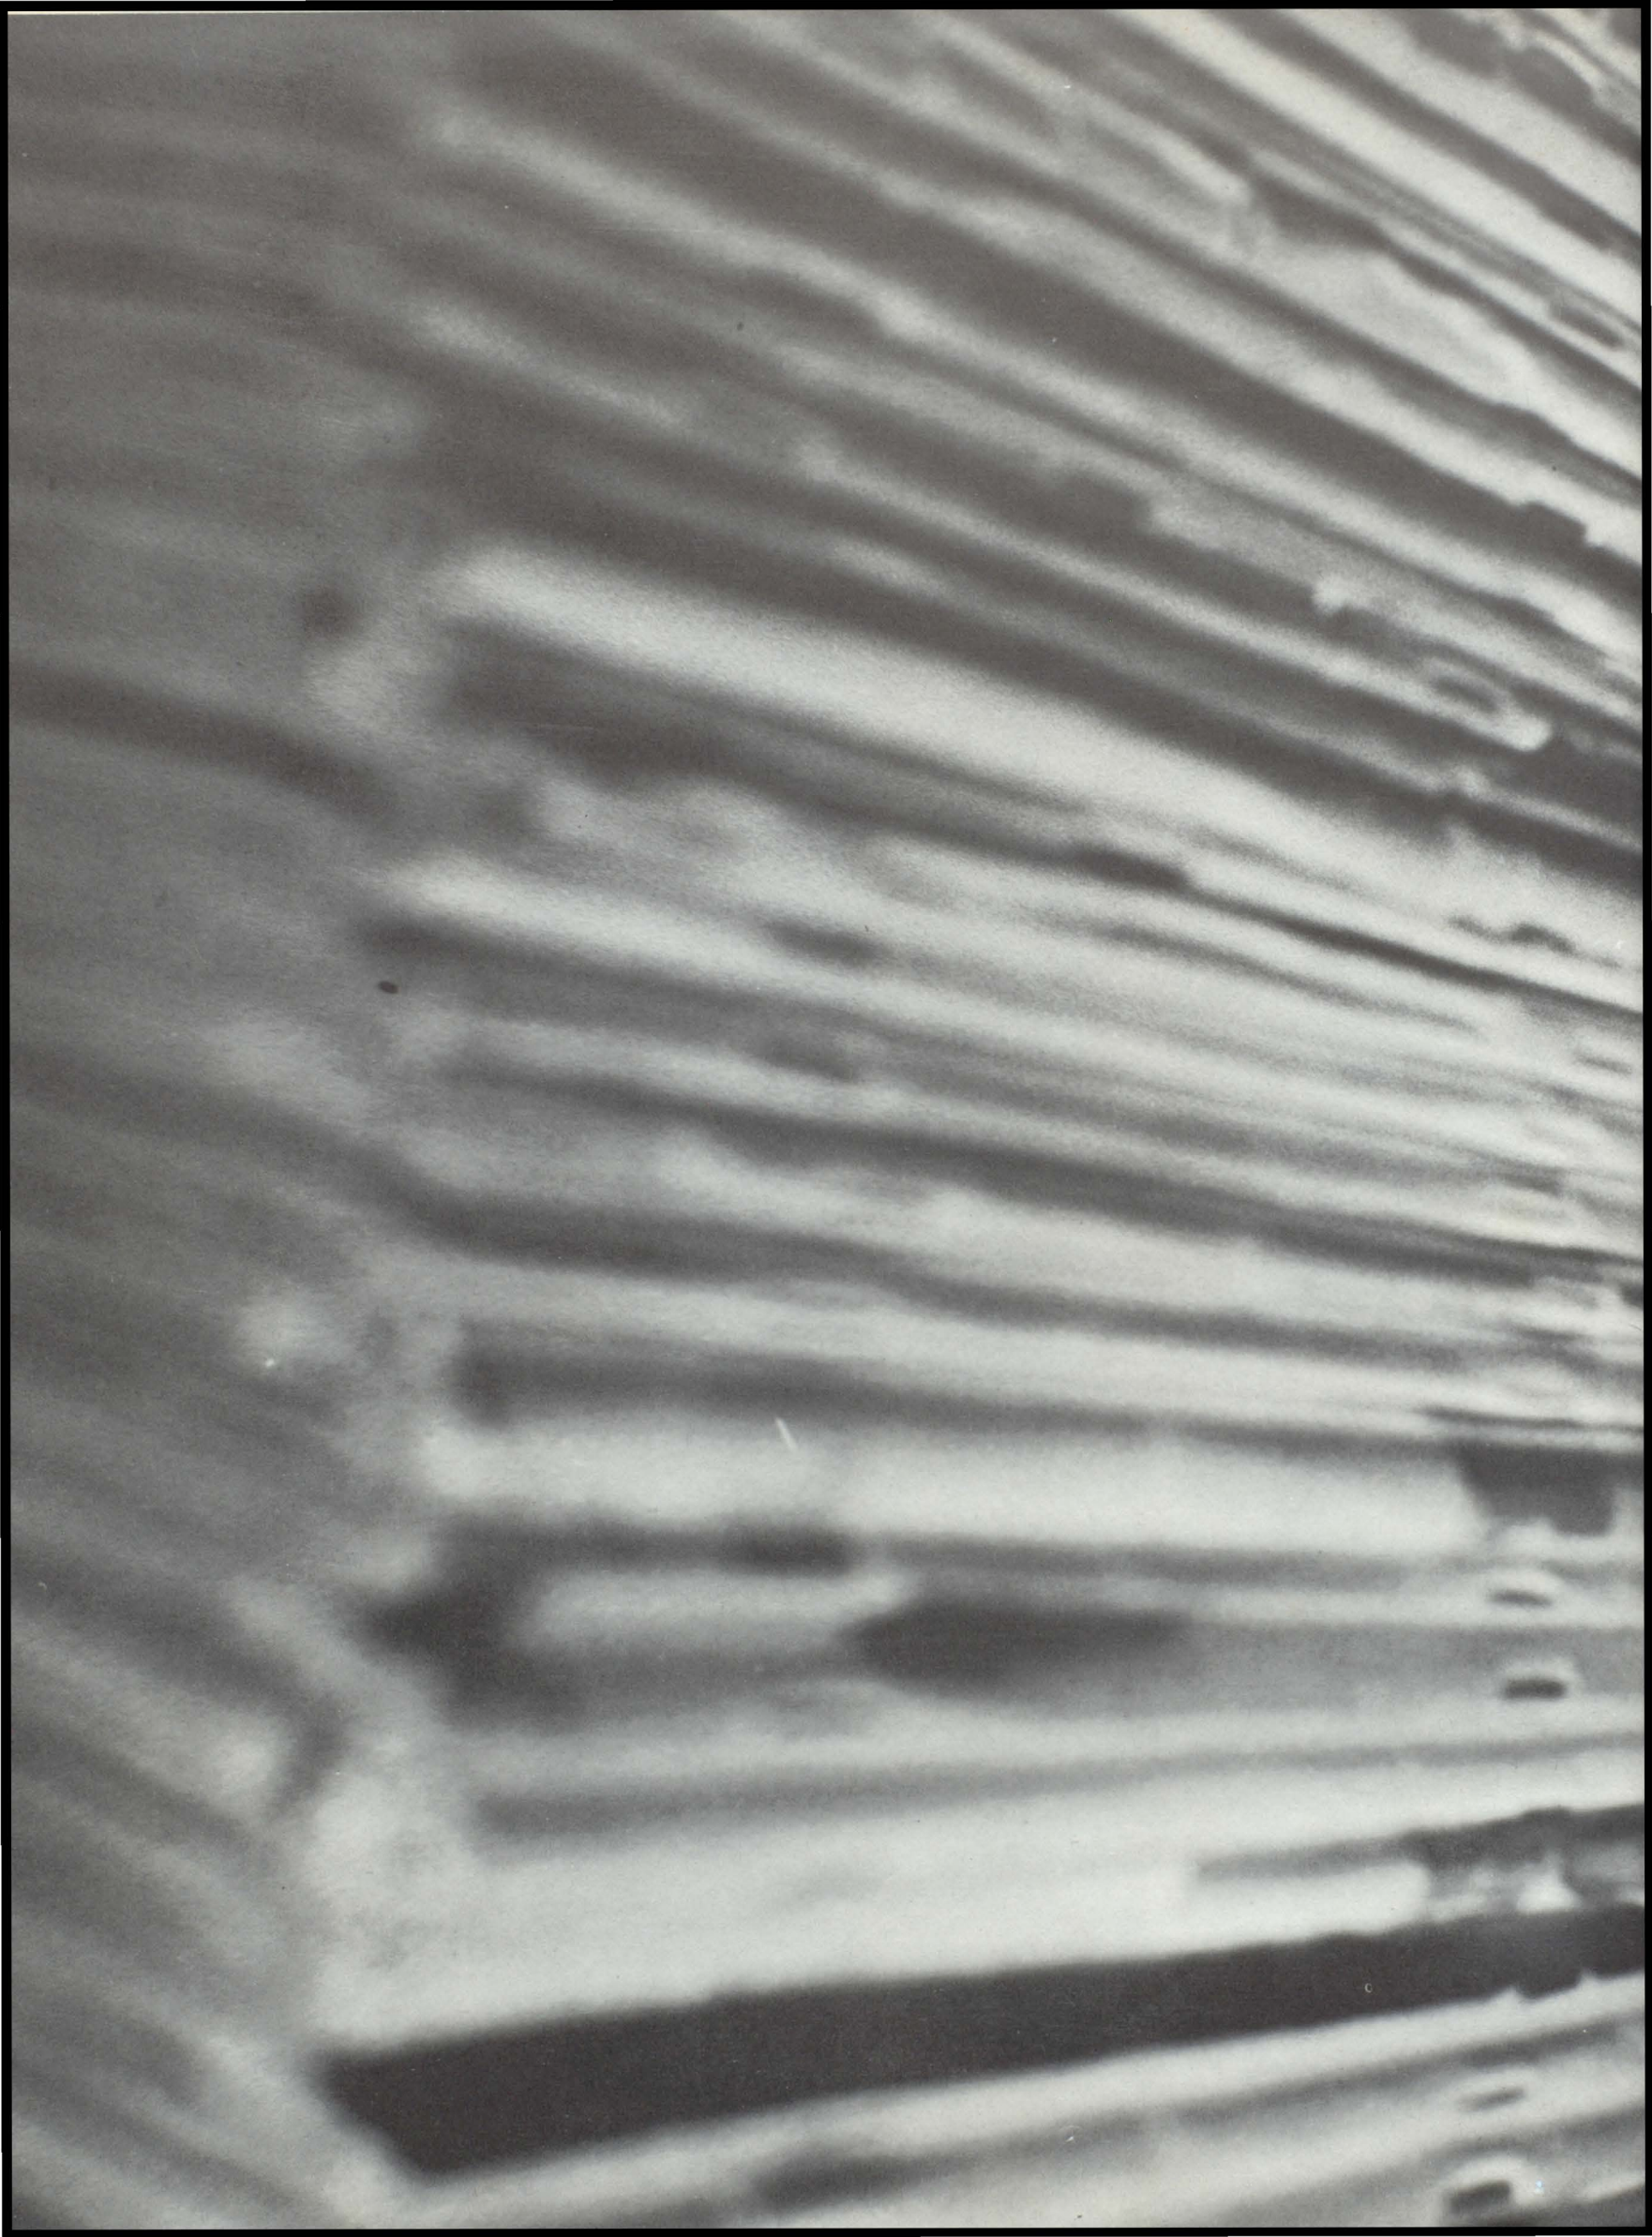

*The year has been a valuable one for us all.  
We have learned, and we have grown a bit  
wiser. We know that this is a good time to be  
alive.*

*“Wisdom is the principal  
thing; therefore get wisdom;  
and with all thy getting get  
understanding.”*

*The school year is behind us — our future is before us. Where are we going? Who are we now? What will we be tomorrow?*

*In seeking to calm our doubts concerning our future, we rely on the knowledge gained from past experiences to direct us. Certainly this has been a year of unique experiences for all the students of AHS. It has been a year that none of us will easily forget, for it has been permanently marked in our memories as a year of new adventures, exciting projects, inevitable disappointments, and heart breaking tragedies.*

*Yet who can say what tomorrow will bring? As we leave this school year behind, we go our separate paths — some to return to AHS next fall, others to begin a new life through new endeavours. Yet for all of us tomorrow will come, and tomorrow will remind us of this unusual year. We stand to face that tomorrow with mixed emotions. We are anxious, concerned . . . yet always hopeful.*

*In days to come, when we pause and reflect on the events of this year, we may feel this way:*

*“It was the best of times, it was the worst of times, it was the age of wisdom, it was the age of foolishness, it was the epoch of belief, it was the epoch of incredulity, it was the season of Light, it was the season of Darkness, it was the spring of hope, it was the winter of despair, we had everything before us . . .” Charles Dickens.*
